fine art doses

CZEVITRUM

A photograph of a glassblowing furnace. In the background, a large, glowing yellow-orange mass of molten glass is being shaped within a furnace. In the foreground, several long, cylindrical glass rods, heated to a similar orange-red glow, are resting on a dark metal stand. The scene is dimly lit, with the primary light source being the intense heat of the glass, creating a dramatic, industrial atmosphere.

We are an innovative
Czech glass design company
offering lifestyle handmade
glass accessories and lights
in unique design.

Our mission is to highlight your interior.

capsule

Original piece of Bohemian glass in a shape of capsule hides its content as a treasure. The completely hand-made Capsula dose is a great example of combination of glass art and precise craftsmanship. The result is a practical airtight dose in unique design.
